

HF6 pro eco FORCE

Multifunction vacuum / carpet cleaner

eco FORCE

STRENGTHS

- › Compact and lightweight
- › High-efficiency 750W Rotafil motor
- › Integrated on board accessories
- › 6-stage filtration with Hepa filter (optional)
- › 14 lt. filter bag
- › Integrated powerful blowing function
- › Quick electrified connection for power nozzle
- › Power nozzle and electrified kit (optional)
- › Energy consumption: class "A"

TECHNICAL DATA

HF6 pro eco FORCE

Input power (W)	750
Water lift mm/H ₂ O (in/ H ₂ O)	2300 (90)
Air volume lt/sec (CFM)	52 (110)
Motor protection	Termo/amp.
Full bag light	Standard
Three ply paper bag (lt.)	14
Washable TNT filter	Optional
Exhaust Microfilter 3M Filtrete	Standard
Hepa filter H11	Optional
Sound power (db)	77
On board tools	Standard
Total weight Kg (lb)	6 (13.2)
Cord lenght mt. (ft.)	10 (41)
Energy consumption (Class)	A
Brush motor (W)	150
Cogged drive belt	Standard
Electronic overload control	Standard
Center convergent bristles brush (RPM)	5000
Suction mm (in)	300 (12)
Brush width mm(in)	270 (10.6)

1. Full range of professional accessories on board, particularly appreciated by hotels and professional operators. Is equipped with full bag light and motor thermal protector.
2. The blowing function (as powerful as a compressor) is standard and very useful to dislodge the most difficult dust to be sucked. With the help of a second hose it is possible to blow and suck at the same time.
3. The 6-stage filtration system with the 3M Filtrete exhaust micro filter can be implemented with a HEPA filter (for clean rooms) or an active carbon filter / micro filter (for smelly environments).
4. The kit electronic power nozzle PB12e includes quick connection electrified hose and telescopic wand (without external cords), makes HF6 the perfect machine for any type of carpet.
